Love London With Atlas Helicopters

In great British style, the last few weeks of summer look set to be the best part of the whole season, bringing plenty of opportunities to enjoy a bird's eye view of the iconic London skyline. Atlas Helicopters has a number of [London helicopter tour](#) dates left before the onset of Autumn and with sights like Tower Bridge, Buckingham Palace and the Houses of Parliament all en-route, the ticket price includes panoramic views that few have been privileged enough to enjoy.

There are four more [London helicopter](#) outings left in the diary before the end of the year, all available with online booking and personalised vouchers to commemorate a special occasion. Mike Burns, Atlas Helicopters' ??? said, "The London Tours are an ideal gift for any occasion and with the voucher having a 6-month validity, it gives the voucher holder ample opportunity to choose a date which is convenient. With Christmas rapidly approaching, what could be a more memorable gift idea? "

A familiar mode of transport for the celebrity jet set, a [helicopter tour](#) is a once-in-a-lifetime journey for many of us. With this in mind, Atlas Helicopters has devised a route that squeezes the maximum enjoyment out of the thirty-minute flight. The birds eye view of London takes off from Epsom before travelling along the Thames between the Barnes and London Bridges. With commentary from the Captain at 1,000 feet, there's no chance of missing a detail. Enjoyed from the air, away from hustle, bustle and traffic jams, the city offers up wonderful photo opportunities.

The Bell LongRanger helicopter used for the tours offers exceptional visibility and with the same route used both to the destination and back to base, passengers seated on both sides of the helicopter can enjoy the same urban spectacle while taking aerial shots of famous sites.

Atlas Helicopters operate the [London Helicopter Tour](#) on selected weekends throughout the year and passengers must pre-book a specific flight date and time in advance. To find out more and reserve your seat, visit www.AtlasHelicopters.co.uk
